

Rylstone HealthOne Extension

The first stage of the Rylstone Health One extension has been completed with the gym, staff room and meeting room now in use. The new area looks great and is a wonderful addition to the HealthOne building.

Work continues within the HealthOne building with renovations to additional rooms now in progress.

Residential Aged Care Dining and Activity room

Residential Aged Care Dining and Activity Room

The Dining and Activity Room has almost been completed and is looking fantastic. Some use of this space has already occurred and the feedback from residents and community members has been very positive.

The Project Team seek your patience during this exciting period of construction and wish to advise that strategies will be in place to keep disruption to a minimum.

For inquiries contact Health Service Manager Susan Gawthorne on (02) 6357 8111.

Health One Extension

Work continues

Work is well underway on the extension to the aged care wing with the roof frames and the roof of the building now visible (See below). The extensive front entry modifications also continue with the new roof now in place. Visitors to the facility continue to enter via the temporary access to the right of the usual entry. The staff accommodation building is now in use and is a really lovely space with full kitchen and laundry facilities available in two separate self-contained units.

Upgrades to the fire system are now almost completed with the new tanks visible near the main road. Upgrades to the internal nurse call system also continue with this work nearing completion. Health Service Manager Susan Gawthorne said “ it is exciting to be able to see some of the work being completed. Staff and residents are excited about being able to utilise the new areas.”
