

## Message from the Chief Executive

I am delighted that the Yass Hospital Redevelopment Project is continuing to progress.

Construction of the new purpose-built health service will see a significant capital investment in the existing Yass District Hospital.

We will continue to provide emergency, inpatient and community health services. However, we will also be increasing the capacity of our inpatient facilities and emergency treatment bays.

We are committed to delivering the best possible solution to meet the present and future needs of the people of Yass and the surrounding area.

We thank you for your patience as we move into this next exciting stage.

Yours sincerely

**Andrew Newton**

Chief Executive, Southern NSW Local Health District

## What's coming to Yass Hospital?

The NSW Government is committed to improving the current clinical facilities at Yass. The upgraded hospital will enhance the sustainability, functionality and safety of health and services in the community.

The redeveloped Yass Hospital will include:

- 24 hour access to emergency care
- an additional treatment bay
- dedicated ambulance entry point
- an increase from 10 to 12 inpatient beds
- improved community and allied health facilities
- ongoing access to X-Ray services

*The existing Yass District Hospital emergency entrance.*

### Need more information?

To find out more about the Yass Hospital Redevelopment visit [mps.health.nsw.gov.au/Projects/Yass](https://mps.health.nsw.gov.au/Projects/Yass) or see the information board displayed in the facility.

## What will happen to existing buildings?

The Yass Hospital Redevelopment will be a refurbishment of existing hospital facilities.

## When will work start?

Subject to planning approvals, construction is expected to start in the second half of 2018. The completion timeframes will be confirmed once a construction contractor is engaged. The new works will be built through a staged approach, minimising any impact to clinical services.

**Construction is expected to start in the second half of 2018.**

## What are the next steps?

Now we have commenced the schematic design phase, we will be consulting with the community and clinical staff to develop the design further.

---

## Stay in touch

We are your Health Service, so let's work together!

The Yass Community Consultative Committee (CCC), local Council and community members will be actively consulted throughout the planning of the Yass Hospital Redevelopment.

SNSWLHD will provide regular communication on project progress.

If you'd like to know more information or provide feedback on the Yass Hospital Redevelopment contact us.
