

## **Bonalbo Multipurpose Service Program** Revitalising Rural Health

COMMUNITY UPDATE

SEPTEMBER 2017

### **Bonalbo MPS Stage 1 on track for Christmas completion**

Work is progressing on schedule on the Bonalbo MPS, with Stage 1 due for completion by December 2017.

The shape and size of the building is now clearly evident with the roof and brickwork now complete, and internal wall sheeting also nearing completion.

Landscaping has commenced at the front and side of the building, with concrete block terracing providing a visual outline of how the gardens will take shape.

Stage 1 will comprise 15 residential aged care beds,

(RAC) as well as emergency and inpatient beds. The RAC section of the MPS is scheduled to open mid-2018 following the completion of Stage 2, which comprises the kitchen and laundry facilities required to service the RAC.

Once the services and facilities currently within the existing Bonalbo Hospital have relocated into the new Bonalbo MPS, an exclusion zone will be erected around the hospital and its demolition will commence.

The entire project is due for completion in mid 2018.

The Project Team seek your patience during the construction of the Bonalbo MPS and wish to advise that strategies are in place to keep disruption to a minimum.

For inquiries contact Lee McDougall on 0429 422 873.

#### **REMINDER:**

The speed limit within the hospital and nursing home grounds is 10kph.
