*The temporary Community Health Service*

**The Project Team wish to advise  
demolition of the old Culcairn Hospital  
is now underway. We will aim to keep  
noise and dust to a minimum.**

A new Emergency Department, Radiology Department, Acute Rooms and Community Health Centre are being built and include state-of-the art facilities.

Residents on-site are enjoying their new living areas and modern bedrooms.

The Project is expected to be completed early 2019.

### Temporary changes to X-ray
